2022 APBA COLLEGE FOOTBALL GROUP OF 5 SET ROSTER

The following players comprise the 2022 College Football Group of 5 Card Set. The regular starters at each position are listed first and should be used most frequently. Realistic use of the players below will generate statistical results remarkably similar to those from real life.
IMPORTANT: When a Red "K" appears in the R-column as the result on any kind of running play from scrimmage or on any return, roll the dice again, refer to the K-column, and use the number there for the result. When a player has a "K" in his R-column, he can never be used for kicking or punting.
See below for a more detailed explanation of new symbols on the cards.
If the symbol "F-K" or "F-P" appears on a players card, it means that you use the K or P column when he recovers a fumble.

Players in **bold** are starters.

If there is a difference between the player's card and the roster sheet, always use the card information.
The number in (}s after the player name is the number of cards that the player has in this set.

If there is a FR-0 on a player's card, this means that whenever the player recovers a fumble, he does not advance the ball.
The fumble is recovered at the spot of the fumble.

OSKR-0 Onside kick recovered no advancement.
If a player has both a kickoff designation (OA, OB or OC) and an OSKR designation, use the OSKR only in the case of an onside kick.
