

APBA GAMES 1967 Line-ups

The following players are contained in this APBA baseball card set representing the 1967 season. The batting orders may be arranged in any number of sequences without affecting the individual performances of any of the players. These were the batting orders most frequently used that year. **NOTE:** When playing this season card set with the Official Scorer's Rule System, use E-0 for the Error Rating. This system is detailed in the instructions of the current APBA Baseball Game manual.

*Used primarily or exclusively as a relief pitcher. Should seldom be used as a starter. (Pitchers with asterisks following their grades on the player cards themselves should be used exclusively in relief, unless they have separate starting and relieving grades.) For most realistic results the frequency of use of starting pitchers should be determined by the order of their listings above, not by the grade ratings on their cards.
