

Football Fan:

Here is your APBA Pro League Football Game. A realistic use of the players will give you statistical results incredibly similar to those of the real-life National Football League.

We shall be happy to answer any questions regarding the playing technique of the APBA football game, but we will not reply to any correspondence which requests information concerning the football rules themselves or the statistics of players or teams in the National Football League.

The following named players comprise the teams of the 1961 edition of the APBA Pro League Football Game. Many of these players performed at more than one position, but these listings show the lineups used most frequently during the 1959 season, upon which records this edition of the cards is based. The frequency of their use when playing off an APBA schedule should be determined by the order in which they are listed at their positions:

 Dove TA

PA — used most frequently for punting. PB — also punts.

KA — kicks extra points and field goals, KB — reserve place kicker, KO — usually kicks-off.

OA — returns most kick-offs, place at left halfback position when receiving kick-offs. OB — use at right halfback on kick-offs and at left halfback when OA is injured. OC — also used at halfback positions on kick-offs

TA — returns most punts, place at left safety position when receiving punts.

TB — use at right safety on punts and at left safety when TA is injured.

TC — also used occasionally at safety positions on punts.

Use KA or KB for kicking-off unless a KO is specified or if you have a personal choice.

Passers must always pass from the quarterback position.

If the player who does the punting or the place-kicking is not a back, he must be placed at the fullback position for the kick play. The quarterback holds the ball on all place kicks unless he is the kicker, in which case the fullback holds it. On kick-offs the kicker may be at any of the eleven defense positions.

Do not use a player at a position not specified on his card unless injuries make it impossible to field both platoons otherwise. A player may be used on both platoons if necessary or if customary. Defensive backfield players whose cards show no offense position may be used to return punts and kick-offs but not from scrimmage on the offense.
