

APBA COLLEGE FOOTBALL GREAT TEAMS OF THE PAST VOL. 1 ROSTER

The following players comprise the 2016 season APBA College Football Player Card Set. The regular starters at each position are listed first and should be used most frequently. Realistic use of the players below will generate statistical results remarkably similar to those from real life.

IMPORTANT: When a Red "K" appears in the R-column as the result on any kind of running play from scrimmage or on any return, roll the dice again, refer to the K-column, and use the number there for the result. When a player has a "K" in his R-column, he can never be used for kicking or punting. If the symbol "F-K" or "F-P" appears on a players card, it means that you use the K or P column when he recovers a fumble.

The number in () after the player's name represents the number of individual cards of that player in this card set.

Starters are in bold.
