**\* Used primarily or exclusively as a relief pitcher. Should be used seldom or not at all as a starter. (Pitchers with asterisks following their grades on the player cards themselves should be used exclusively in relief, unless they have split ratings,) For most realistic results the frequency of use of starting pitchers should be determined by the order of their listing above, not by the grade ratings on their cards.**

**\* In the American League, any player may be used as a designated hitter, not just those listed as DH's on this line-up sheet.**

**The Official Scorer's Optional Rule rating is 0 for both leagues.**

New York Yankees beat Los Angeles 4 wins and 2 to win World Series.
