

2019 APBA PAC 12 COLLEGE FOOTBALL SET ROSTER

The following players comprise the 2019 season APBA PAC 12 College Football Player Card Set. The regular starters at each position are listed first and should be used most frequently. Realistic use of the players below will generate statistical results remarkably similar to those from real life.

IMPORTANT: When a Red "K" appears in the R-column as the result on any kind of running play from scrimmage or on any return, roll the dice again, refer to the K-column, and use the number there for the result. When a player has a "K" in his R-column, he can never be used for kicking or punting.
If the symbol "F-K" or "F-P" appears on a players card, it means that you use the K or P column when he recovers a fumble.

Players in bold are starters.

The number in ()s after the player name is the number of cards that the player has in this set.

See below for a more detailed explanation of new symbols on the cards.

For teams that employ the "read/option" as part of their standard offense, the quarterback can also be used as a runner on the outside running play ,(similar to a halfback or fullback). Teams include 2013 Seattle, 2013 Auburn and other college teams.

The issue is the "Jet Sweep" (slot receiver goes in motion and receives handoff from quarterback), this play is not a trick play but a designed outside run. If a WR had 10 or more runs in a season, he will be graded (EB/HB). The "Jet Sweep" (receiver in motion receiving handoff from quarterback) is graded as outside run and not a trick play. To accomplish this play, certain receivers will receive the (EB/HB).

New symbols: FR-0. Fumble recovery at spot of fumble.
W-X (0) Interception with no return
TC-0 Punt return with no return.
KC-0 Kick return with no return.
OSKR-0 Onside kick recovered no advancement.

Starting with the 2018 season, the team receiving a kickoff has an option to fair catch any kick instead of the receiving team's 25 yard line. If the fair catch option is chosen, the receiving team gets the ball at the 25 yard line. To exercise this option, receiving team coach has to do is announce fair catch after the determination of where the kick off was fielded.
