

2021 APBA COLLEGE FOOTBALL GREAT TEAMS OF THE PAST VOLUME 3 SET ROSTER

The following players comprise the APBA College Football Great Teams Volume 3 Player Card Set. The regular starters at each position are listed first and should be used most frequently. Realistic use of the players below will generate statistical results remarkably similar to those from real life.

IMPORTANT: When a Red "K" appears in the R-column as the result on any kind of running play from scrimmage or on any return, roll the dice again, refer to the K-column, and use the number there for the result. When a player has a "K" in his R-column, he can never be used for kicking or punting. If the symbol "F-K" or "F-P" appears on a players card, it means that you use the K or P column when he recovers a fumble.

Players in bold are starters.

If there is a difference between the player's card and the roster sheet, always use the card information.

The number in ()s after the player name is the number of cards that the player has in this set.

See below for a more detailed explanation of new symbols on the cards.

For teams that employ the "read/option" concept as part of their standard offense, the quarterback can also be used as a runner on the outside running play . (similar to a halfback or fullback). Examples of these teams include 2013 Seattle, 2013 Auburn and many other college football teams.

The issue is the "Jet Sweep" (slot receiver goes in motion and receives handoff from quarterback), this play is not a trick play but a designed outside run. If a WR had 10 or more runs in a season, he will be graded (EB/HB or HB/EB). APBA considers the "Jet Sweep" (receiver in motion receiving handoff from quarterback) to be graded an outside run and not a trick play. To accomplish this play, certain receivers will receive the (EB/HB)

If there is a FR-0 on a player's card, this means that whenever the player recovers a fumble, he does not advance the ball. The fumble is recovered at the spot of the fumble.

New symbols: FR-0. Fumble recovery at spot of fumble.
W-X (0) Interception with no return
TC-0 Punt return with no return.
KC-0 Kick return with no return.
OSKR-0 Onside kick recovered no advancement.

If a player has both a kickoff designation (OA, OB or OC) and an OSKR designation, use the OSKR only in the case of an onside kick.
