

2018 APFA COLLEGE FOOTBALL GROUP OF FIVE CARD SET
 The following players comprise 2018 APFA College Football Group of Five Card Set. The regular starters at each position are listed first and should be used most. Realistic use of the players frequently below will generate statistical results remarkably similar to those from real life.

IMPORTANT: When a third "C" appears in the R-column as the result on any kind of running play from scrimmage or on any return, roll the dice again, refer to the K-column, and use the number there for the result. When a player has a "C" in his R-column, he can never be used for kicking or punting. If the symbol "F-C" or "F-P" appears on a player's card, it means that you use the K or P column when he recovers a fumble. **Players in bold are starters.**

If there is a difference between the player's card and the roster sheet, always use the card information. The number in ()s after the player's name is the number of cards that the player has in this set.

See below for a more detailed explanation of new symbols on the cards.

For teams that employ the "readoption" concept as part of their standard offense, the quarterback can also be used as a runner on the outside running play (similar to a halfback or fullback). Examples of these teams include 2013 Seattle, 2013 Auburn and many other college football teams.

The issue is the "Jet Sweep" (slot receiver goes in motion and receives handoff from quarterback), this play is not a trick play but a designed outside run. If a WR had 10 or more runs in a season, he will be graded (EB/EB) or (EB/EB). APFA considers the "Jet Sweep" (receiver in motion receiving handoff from quarterback) to be graded as an outside run and not a trick play. To accomplish this play, certain receivers will receive the (EB/EB).

If there is a FR-0 on a player's card, this means that whenever the player recovers a fumble, he does not advance the ball. The fumble is recovered at the spot of the fumble.

New symbols: FR-0: Fumble recovery at spot of fumble.
W-N (N) Interception with no return
TC-0 Punt return with no return.
KC-0 Kick return with no return.
OSRR-0 Outside kick recovered no advancement.

If a player has both a kickoff designation (O, OA, OB or OC) and an OSRR designation, use the OSRR only in the case of an onside kick.
