

**2007 APBA COLLEGE FOOTBALL TOP 12 TEAMS CARD SET ROSTER**

The following players comprise the 2007 College Football Top 12 Teams Card Set. The regular starters are listed first and should be used most frequently. Realistic use of the players below will generate statistical results remarkably similar to those from real life.  
**IMPORTANT:** When a "Red K" appears in the R-column as the result of any kind of running play from scrimmage or on any return, roll the dice again, refer to the K-column, and use the number there for the result. When a player has a "K" in his R-column, he can never be used for kicking or punting.

If the symbol "F-K" or "F-P" appears on a player's card, it means that whenever the player recovers a fumble, he does not advance the ball. The fumble is recovered at the spot of the fumble.

Players in bold are starters.

If there is a difference between the player's card and the roster sheet, always use the card information. The number in (js) after the player name is the number of cards that the player has in this set.

If there is a FR-0 on a player's card, this means that whenever the player recovers a fumble, he does not advance the ball. The fumble is recovered at the spot of the fumble.

OSKR-0 Onside kick recovered no advancement.  
If a player has both a kickoff designation ( OA, OB or OC) and an OSKR designation, use the OSKR only in the case of an onside kick.
