

## APBA Games 1902 Lineups

The following players are contained in this APBA baseball card set representing the 1902 season. The error rating = E+3. The batting orders may be arranged in any number of sequences without affecting the individual performances of any of the players. These were the batting orders most frequently used that year:

### NATIONAL LEAGUE

	Blewett	P		Salisbury	P						
	J. P. Burke	P		Fox*	P						

**\*Used primarily or exclusively as a relief pitcher. Should be used seldomly or not at all as a starter. (Pitchers with asterisks following their grades on the player cards themselves should be used exclusively in relief, unless they have split ratings.)** For most realistic results the frequency of use of starting pitchers should be determined by the order of their listings above, not by the grade ratings on their cards. Error Rating = E+3

IMPORTANT -- Rule Clarification: When the numbers 7, 8 and/or 11 are found in THE SECOND COLUMN of a player card, they are NOT SUBJECT TO NORMAL PITCHERS' GRADE CHANGES. For example, a SECOND-COLUMN 8 on the "BASES EMPTY" board is always a "SINGLE to left center" NOT MATTER WHAT THE PITCHER'S GRADE.
