\*Used primarily or exclusively as a relief pitcher. Should seldom be used as a starter. (Pitchers with asterisks following their grades on the player cards themselves should be used exclusively in relief, unless they have separate starting and relieving grades.) For most realistic results the frequency of use of starting pitchers should be determined by the order of their listings above, not by the grade ratings on their cards.

Play result number 42 on any player card indicates a hit batter. Runners advance one base if forced.

An asterisk(\*) following a play result number on the player card means the player steals the next base (if it's unoccupied) immediately after reaching base when that result number comes up. (This rule does not apply in the Master Game.)

**IMPORTANT—RULE CLARIFICATION:** When the numbers 7, 8 and/or 11 are found in THE SECOND COLUMN of a player card, they are NOT SUBJECT TO NORMAL PITCHERS' GRADE CHANGES. For example, a SECOND-COLUMN 8 on the "BASES EMPTY" board is always a "SINGLE to left center" NO MATTER WHAT THE PITCHER'S GRADE IS.

## ADDITIONAL PLAYERS FOR 1930 SEASON

For those fans who would like to have more players than the twenty per team in the regular card set, we offer 96 additional cards -- six for each of the sixteen major league teams.

These are printed on the same card stock and in the same colors as the regular cards, but with twelve players to a sheet. The sheets are perforated. Simply tear them apart and they are ready to use.

These additional cards, based on the player's 1930 records, can give you a greater maneuverability of your team rosters without substantially altering the overall team strengths, provided they are used realistically.

These 96 players, contained on eight separate sheets, are listed below.
