

The following players are contained in this APBA baseball card set representing the 1939 season. The batting orders may be arranged in any number of sequences without affecting the individual performances of any of the players. These were the batting orders most frequently used that year:

IMPORTANT - NEW RATING: A pitcher with a (ZZ) rating on his card is treated like a (Z) pitcher except with bases empty or runners on first and third. In those two situations only, board number 14 is changed to two balls for a (ZZ) pitcher. Two 14's will result in a base on balls for the batter.

*Used primarily or exclusively as a relief pitcher. Should seldom be used as a starter. (Pitchers with asterisks following their grades on the player cards themselves should be used exclusively in relief, unless they have separate starting and relieving grades.) For most realistic results the frequency of use of starting pitchers should be determined by the order of their listings above, not by the grade ratings on their cards.

SCORING CHANGE: WHEN THE THIRD OUT OF AN INNING RESULTS FROM BOARD #30 OR #32

WITH BASES EMPTY, SCORE IT AS PO-CF RATHER THAN LF OR RF.

Play result number 42 on any player card indicates a hit batter. Runners advance one base if forced.

An asterisk (*) following a play result number on the player card means the player steals the next base (if it's unoccupied) immediately after reaching base when that result number comes up. (This rule does not apply in the Master Game.)

IMPORTANT-RULE CLARIFICATION: When the numbers 7, 8 and/or 11 are found in THE SECOND COLUMN of a player card, they are NOT SUBJECT TO NORMAL PITCHERS' GRADE CHANGES. For example, a SECOND-COLUMN 8 on the "BASES EMPTY" board is always a "SINGLE to left center" NO MATTER WHAT THE PITCHER'S GRADE IS.

If you keep us advised of any change in your address, you will be notified whenever new card sets become available.
