This system is detailed in the instructions of the current Baseball Game manual.

*Used primarily or exclusively as a relief pitcher. Should be used seldomly or not at all as a starter. (Pitchers with asterisks following their grades on the player cards themselves should be used exclusively in relief, unless they have split ratings.) Play result number 42 on any player card indicates hit by pitcher. Runners advance one base if forced. For most realistic results the frequency of use of starting pitchers should be determined by the order of their listings above, not by the grade ratings on their cards.
