

IMPORTANT — RULE CLARIFICATION: When the numbers 7, 8 and/or 11 are found in THE SECOND COLUMN of a player card, they are NOT SUBJECT TO NORMAL PITCHERS' GRADE CHANGES. For example, a SECOND-COLUMN 8 on the "BASES EMPTY" board is always a "SINGLE to left center," NO MATTER WHAT THE PITCHER'S GRADE IS.

The following players are contained in the APBA baseball card set representing the 1948 season. We will not reply to any correspondence questioning our selection of the players which comprise the teams listed below. The batting orders may be arranged in any number of sequences without affecting the individual performances of any of the players. These were the batting orders most frequently used in 1948:

* Used primarily or exclusively as a relief pitcher. Should be used seldom or not at all as a starter. (Pitchers with asterisks following their grades on the player cards themselves should be used exclusively in relief, unless they have split ratings.)

For most realistic results the frequency of starting pitchers should be determined by the order of their listings above, not by the grade ratings on their cards.

If you keep us advised of any change in your address, you will be notified whenever new card sets become available.
