

Basketball Fan:

The following players comprise the card set for the 1992 edition of the APBA Pro Basketball Game. The cards are based on the 1990-91 season and will remain current until July 1, 1992, when a new card set, based on the 1991-92 season, will be issued.

Please keep us advised of any change in your address if you want to be notified of the details for ordering the new cards at that time.

1990-91 SEASON

NOTE: Any field goal from court sections E, Er or F is worth 3 points.

NBA rule changes have eliminated bonus free throws (2 chances to make 1, 3 chances to make 2). Disregard references in APBA rules to bonus free throws when using the 1990-91 season cards.

When an asterisk (*) follows an S-column "8", read it as a "19" ON FREE THROWS ONLY.

The players on each team are listed from top to bottom by minutes played — most to least — during the season. For most realistic results the top two forwards, top two guards and top center should be used most frequently. Players may be used at positions not listed on their cards only when substitutes for a certain position are no longer available because of injuries and/or disqualifications.

If any of the player cards here are missing from your set, there should be duplicates of others. Please return the duplicates and give us the names of the players who are missing. We will send them to you at once. We would appreciate your returning any duplicates you may find even if no cards are missing. They will make it possible for us to complete short sets for other customers.
