

## APBA 1962 Football Season Card Set

The following players comprise the 1962 season APBA Football Player Card Set. The regular starters at each position are listed first and should be used most frequently. Realistic use of the players below will generate statistical results remarkably similar to those from real life.

**IMPORTANT:** When a Red "K" appears in the R-column as the result on any kind of running play from scrimmage or on any return, roll the dice again, refer to the K-column, and use the number there for the result. When a player has a "K" in his R-column, he can never be used for kicking or punting. If the symbol "F-K" or "F-P" appears on a players card, it means that you use the K or P column when he recovers a fumble.

**When playing these cards with current football result boards, observe the following changes in NFL rules:**

\* Missed field goals are returned to the 20 yard line, not the spot of the kick.

\* For statistical purposes, add 7 yards to the Field Goal distances, not 17.

\* The following penalties are 15 yards, not 10: Offensive Holding, Tripping and Illegal Use of Hands, Ineligible Receiver Downfield and Offensive Pass Interference.

\* Kickoffs are kicked from the 40 yard line.

\* When kicking off, subtract 5 yards from all kickoff yardages.
